Business and Human Rights Action Plan

Respect for people as part of responsible banking

- Kapital Bank builds on strong foundations: a workplace based on respect, fairness and equal opportunity, accessible services and a broad community programme.
- This plan applies human rights due diligence to one focus area: equal employment opportunities for persons with disabilities and full compliance with the disability quota.

Company introduction

Insert company description

Kapital Bank OJSC is the country's largest financial institution. Its history starts with a savings desk opened in Baku in **1874**; 2025 was the year after the bank's 150th anniversary.

The bank serves **nearly 5 million customers** through the country's largest service network. In 2025 retail, business, investment and private banking were brought together under the unified **Birbank** brand, with more than **3 million** monthly active mobile users.

Kapital Bank was the first fully digital bank in Azerbaijan (2021). In 2025 it launched the country's first **sign-language video call** banking service and was certified a **Great Place to Work** for the third consecutive year – the first Azerbaijani company to do so.

Its 2025 Sustainability Report follows the **GRI Standards**, maps contribution to the **UN SDGs** and lists Diversity, Equity, Inclusion & Human Rights among its 16 material topics.

Areas for development → future focus

1 Equal employment for persons with disabilities — FOCUS

Full compliance with the disability quota, supported by the new accessible office.

2 Human rights due diligence as a routine

A regular review of salient issues, owners and indicators across HR, products and procurement.

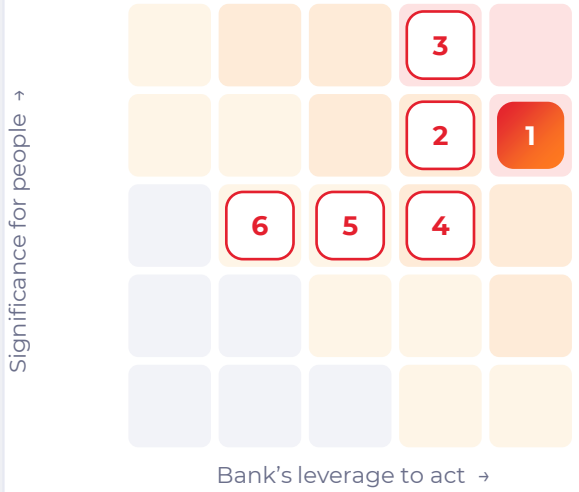

3 Human rights lens in channels and reporting

Human rights data in grievance channels and in the annual Sustainability Report.

HRDD Step 1: Salient human rights issues & prioritization

Highlight your company's salient human rights issues · Insert key prioritization points, data and/or heatmap from the HRDD workbook

#	Human rights area	Rights-holders	How the bank already manages it
1	Equal employment opportunities for persons with disabilities	Candidates and employees with disabilities	Disability quota, accessible new office, DEI programmes
2	Accessibility of financial services	Customers with hearing, speech, mobility or visual impairments; elderly	Sign-language video call, ramps, tactile flooring
3	Privacy and protection of customer data	All customers	Data governance, least-privilege access, cyber maturity 3.45
4	Fair treatment of customers	Retail and small-business customers	Feedback after every interaction, AI quality checks, Open Door
5	Health, safety and wellbeing at work	Employees, contractors on premises	OHS instruction and training, wellbeing programmes
6	Labour standards in the supply chain	Workers of 971 suppliers	Prequalification incl. forced and child labour prohibition

Why area 1 is the focus

Work is a gateway to independence and inclusion. The bank has full leverage: it decides on hiring, workplaces and culture, and the new accessible office removes the main physical barrier.

HRDD Step 2: Taking Action

Insert key points, data or tables from the Taking Action tab of the HRDD workbook, relating to the salient issue that you continue to work on throughout the programme

Focus

Equal employment opportunities for persons with disabilities – full compliance with the quota

The infrastructure of the previous office building was not fully adapted for people with physical disabilities, which limited full use of the quota. The **new office provides all facilities required by law**, so Kapital Bank is now taking structured steps towards full compliance.

Legal framework

- Law “On the rights of persons with disabilities” (2018): equal conditions and reasonable accommodation at work
- Law “On Employment” and Cabinet of Ministers Decision No. 213 (22.11.2005): employers with 100+ staff – quota of 5% of average annual headcount, including 2.5% for persons with disabilities

A1 · Accessible workplace

New office meets all legal accessibility requirements; reasonable accommodation on request.

→ **Administration, HR**

A2 · Data for recruiters

Recruiters regularly receive current workforce data and the quota status.

→ **HR analytics, Talent Acquisition**

A3 · Leaders informed

Legal requirements are explained to heads of structural units.

→ **HR, Legal**

A4 · Internal awareness

Awareness sessions, DEI Talks and sign-language training build an inclusive culture.

→ **HR, Internal Comms**

Plan: the necessary steps are taken to reach full compliance with the quota within the next 3 years

HRDD Step 3: Tracking

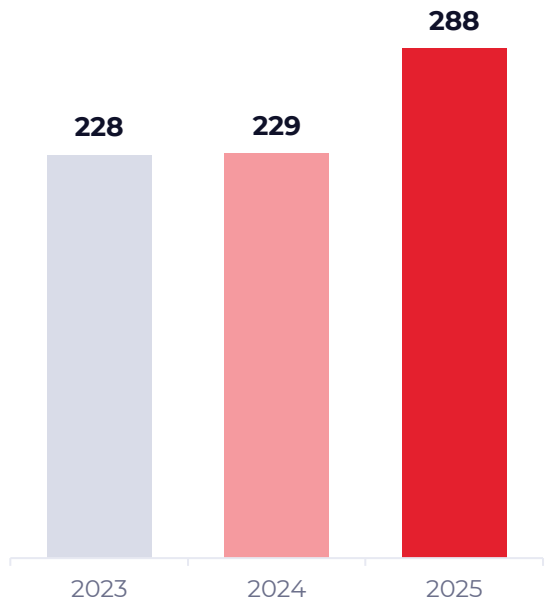

Insert below key indicators that you have identified will help track effectiveness of actions taken to address your salient human rights issue

Action: full compliance with the disability quota – equal employment opportunities

ACTIVITY	*What is the action we plan to take?* Quota dashboard for recruiters; briefings for heads of units; awareness sessions	*How could we measure if we are implementing the activity as planned?* Dashboard updated monthly; number of briefings and sessions held
OUTPUT	*What immediate results will the activity deliver?* Recruiters and managers know the quota status and legal requirements	*How could we measure if these results are being achieved?* 100% of heads of units briefed; share of vacancies reviewed for accessibility
PRACTICE	*Whose behavior do we want to influence?* Hiring managers and recruiters (selection), colleagues (inclusion)	*How can we measure if this is changing?* Growth in hires of persons with disabilities; accommodation requests resolved
OUTCOME	*What is the key outcome we want to achieve?* Full quota compliance; employees with disabilities thrive at work	*How can we measure if this has been achieved?* Quota fulfilment 100%; retention and engagement of employees with disabilities

HRDD Step 4: Communicating · Stakeholder Engagement

How will you communicate internally and externally about managing your salient human rights issues? · Which stakeholders do you wish to engage, how, and with whose help?

Internal

Leadership briefings
Quota status and legal duties discussed with heads of units.

Recruiter dashboard
Current data and quota status shared with Talent Acquisition.

Intranet & DEI Talks
Stories and guidance on inclusion via the 360 Intranet.

External

Sustainability Report

Stakeholder	What matters to them	How we engage	Phase
Employees with disabilities	Accessible workplace, fair career growth	Surveys, focus groups	Consult
Heads of structural units	Clear requirements, support in hiring	Briefings, quota reports	Collaborate
Recruiters	Current data, sourcing channels	Monthly dashboard, training	Collaborate
State Employment Agency	Referrals for quota jobs	Regular cooperation	Dialogue
Disability organisations	Inclusive practice, candidate pool	Partnerships, job fairs	Collaborate

Preparing for Remedy · Grievance Mechanisms

How will you prepare the organization for providing and/or enabling remedy? · Gap assessment of company grievance mechanisms and initial thoughts on how to strengthen them

Preparing for remedy

If a candidate or employee with a disability is treated unfairly or lacks needed accommodation, Kapital Bank will **put it right** quickly and fairly.

Clear protocol

HR reviews the case, decides with Legal and informs the person within set deadlines.

Remedy options

Workplace adjustment, review of a hiring or career decision, apology, training of the team.

Effective in their eyes

The person is asked whether the solution worked.

Grievance mechanisms

- Confidential & anonymous whistleblowing
- HR and workplace concern channels
- Employee surveys & Town Halls
- 24/7 contact centre
- Feedback after every interaction
- Open Door with senior leaders

UNGP 31 criterion	How we strengthen it
Accessible	Channels usable in sign language and accessible formats
Predictable	Defined steps and response times for accommodation requests
Rights-compatible	Disability and accommodation as a separate case category
Continuous learning	Case trends reviewed by HR and used to improve practice
